Terms and Conditions

This Temporary Membership of Stratford-on-Avon Gliding Club gives you all the rights and responsibilities of Flying Membership. It does not permit you to vote at General Meetings of the Club.

By signing this form, you agree to abide by the Rules And Regulations of Stratford-on-Avon Gliding Club. A copy of these Rules is posted in the Clubhouse. Stratford-on-Avon Gliding Club is affiliated to, and abides by the rules of, the British Gliding Association.

You have already signed a medical declaration stating that you are fit to fly. Whenever you fly, you are obliged to inform your instructor of any change to your medical condition, permanent or temporary, which may adversely affect your ability to fly safely.

This membership applies only to the use of the Club two-seater training aircraft. Flying fees for these aircraft are charged at the same rate as for all Club members. Flying fees must be paid on each day that you fly.

At the end of the 28-day period, you may apply for Full Membership of the Club. You may not apply for a further 28-day membership within 28 days of the expiry of this membership, and further such memberships are at the discretion of the Club Committee. In the interim, you are entitled to fly at the Club as a visitor.

This form is proof of your Temporary Membership. You may be asked to show it when you wish to fly.

Guidelines For New Members

On any flying day, the order in which pupils fly is governed by the Flying List. When you arrive at the airfield, make sure your name is on this list. Try to arrive at the airfield in time for the morning briefing, which is usually at 9:30 or 10:00. The Duty Instructor is responsible for the running of the airfield and holds the morning briefing, and you should introduce yourself at that time. If you are not there by that time when the Club is busy, you may not be able to fly that day.

Weather permitting, we normally fly seven days a week during the summer, Thursdays and weekends during the winter. Weekdays are less busy than weekends, and you will find it easier to do more flying during the week.

At Stratford-on-Avon Gliding Club, everyone helps everyone else to fly. You will be asked to do various jobs at the launch point, such as helping to push aircraft, holding wings, handling cables, or driving tractors. Safety always comes first, so ask to have these jobs explained to you, because there is often more to them than meets the eye.

When it's your turn to fly, you will normally have two consecutive flights, and afterwards, you can add your name to the flying list again. When the Club is not busy, you may get more flights, at the discretion of your Instructor.

At the end of the day, log each flight in this Temporary Log Book. Your Instructor may wish to write some comments about the flights. If you join the Club as a Full Member, this will be the start of your Pilot's Log Book.

You must pay your flying fees on the day that you fly. Your flights are recorded on the daily log, including the flying time and the fees. Write your temporary membership number on your cash envelope or the back of your cheque, and also mark it '28-Day'.

If in doubt, ask. The Club members will gladly explain what needs to be done, and how the system works.

Most of all, enjoy your flying, get hooked, and join the Club!
